

My name is Judy Moorhead and I'm running for the Globe School Board. I earned a Masters Degree in Speech Language Pathology from New Mexico State University and worked in education for over fifteen years. I worked for the San Carlos School District and then for the Globe School District as a "speech teacher" before I retired five years ago. My husband and I settled in Globe twenty years ago. I believe we are all responsible for the education students receive in our district. We are responsible for what we have now and what we will have in the future. If we want better schools there must be community involvement. We can achieve positive change only by everyone working together. I support traditional core values of family and faith. Schools can not replace parents, nor should they try. But, rather they should partner with them to provide the best possible opportunity for each student to be successful. Education needs to meet individual needs of students. No two students are the same. One size does not fit all. College preparatory studies are not for everyone. I would like to see more opportunity for vocational training in our district. What would it take to make this happen? If elected I pledge to work toward higher levels of excellence in our schools. I will learn all I can about the workings of a School Board and the duties of a School Board Member and fulfill my responsibilities to the best of my ability. I pledge to give the job a 100%. I'm asking for your vote on November 6th.

EDUCATION IS EVERYONE' RESPONSIBILITY
